PROPERTY PROFILE

Set in the established Bramley area and exceptionally well placed between Melrose Arch, Sandton, Rosebank and Hyde Park, 98 Forest Road offers a rare 400 m² office opportunity for businesses that want central Johannesburg access without the formality of a conventional office block. Converted from residential into an exclusive office space, the property lends itself to a more private, creative, and flexible working environment. Its location places occupiers within easy reach of major commercial and lifestyle nodes. A further point of difference is the rear workshop component, which creates added value for businesses needing a light operational or project-based area alongside their office accommodation.
